Sir:

In accordance to 37 C.F.R. § 1.133, submitted herewith is a record of the substance of the interview on May 12, 2006, between Examiner Alicia M. HARRINGTON, regarding the above-captioned application. The following statement was included in the Amendment Under 37 CFR 1.312 filed on May 15, 2006, and is being re-submitted within one (1) month of the mailing date of May 23, 2006, of the Interview Summary and is therefore a timely response.

The examiner called the undersigned representative and indicated that she believed that claims 9-20, 49-56, 58 and 59, as amended, now read on the invention of non-elected Group II, as set forth in the restriction requirement dated December 22, 2004. The examiner indicated that claims 9-20, 49-56, 58 and 59 were erroneously indicated as being allowed on May 5, 2006 because they now read on the non-elected Group II. The examiner requested that claims 9-20, 49-56, 58 and 59 should be cancelled by this Rule 312 Amendment. The

examiner indicated that if these claims are not cancelled, then she would have to reopen prosecution of the present application and issue a new restriction requirement.

Respectfully submitted,
